General Comment

Please do not implement this rule restricting options trading in IRA's. I have used the tool to grow my IRA safely and effectively and I see no reason why the Government feels the need to restrict this capability. Option trades actually reduce risk they do not increase risk. IRA's were put in place to ensure the the american public takes responsibility for their own retirement and does not depend on just the Government Social Security system. Why would you want to restrict the American public's ability to grow their own retirement accounts. Please do not implement this rule.

Regards, KDB
